MONDOMARINE HEADS TO DUBAI

Mondomarine's Middle East distributor, SF Yachts, has announced that it will be displaying the SF40 'Serenity' at the Dubai International Boat Show. The 43-meter made her debut at last year's Monaco Yacht Show where the YACHTS team spent a day with her. We look forward to seeing this exceptional Luca Vallebona designed yacht again at Mina Seyahi this March and if you can't make it to DIBS, fear not, as we will be featuring Serenity in full, next issue.
